EXHIBIT A

P.C. K9 Bite Case

My name is Ron Pace and my background is attached. I have been asked by the P.C. Prosecutors Office to review documents of Adrian Damon Sims vs City of Lakewood and Officer Syler and K9 Rock.

In preparation of this report, I reviewed the following materials: Complaint; Minute Order Setting Jury Trial and Pretrial Dates; Incident Report 1717802052.1; Incident Report 1718202135.1; Incident Report 1728501098.1 Incident Report 1728501098.2; Incident report 1728501098.3; injury photographs; September 28, 2021, deposition transcript of Adrian D. Sims.

This to me is a typical building search that was announced by Officer Syler and K9 Rock that he would be sent in if the suspect Sims does not give up and come out. He refused to give up and come out, so K9 Rock was deployed as a safety issue to locate and apprehend the suspect. As K9 Rock located the suspect and made contact with him it sounds like the suspect attempted to fight with the commissioned Police Dog in which Rock then would escalate his job to apprehend and sub doo the suspect.

This to me looks like a typical apprehension by a Police K9 that meets the standard of care.

Sincerely,

Ron Pace
